At a called meeting of the stock and registered bond holders of the East Tennessee, Virginia and Georgia Railroad Company held at Knoxville to-day full power was granted the

directors to make any extension to the system they deemed proper, either by construction, purchase, or lease, and they were authorized to place a mortgage on such acquisition to provide means to meet such extraordinary expenses. The directors were also authorized to issue \$100,000,000 in 6% cent bonds, \$50,000,000 in preferred stock, and \$13,000,000 in common stock; the mortgages to be only on newly acquired property. This is supposed to mean a mortgage on the Gulf, the Southwest, the system and the Memphis and Charleston Railroad Company.
